TO: MUNICIPAL MANAGER

80 07 15

FROM: MUNICIPAL ENGINEER

SUBJECT: DRAINAGE - 7600 BLOCK NEWCOMBE STREET

RECOMMENDATION:

1. THAT a copy of this report be sent to Svend J. Robinson, M.P.,  
c/o House of Commons, Ottawa, Ontario.

REPORT

Appearing on this Agenda is a letter from Svend J. Robinson, M.P., regarding drainage in the 7600 Block Newcombe Street.

Approximately two months ago Mr. Sidhu Surinder, 7685 Newcombe Street, telephoned the Engineering Department and requested that the small ditch in front of his property be filled in. We complied with this request by grading the gravel shoulder to ensure the storm water would be conducted to the catch basin.

In light of Mr. Robinson's letter it would appear that concern still exists regarding overall drainage in the block. We will undertake further works to ensure adequate drainage control in the area.
