REPORT

On 1980 December 04 the Planning Department wrote to Mr. T.R. Johnson, Assistant Deputy Minister, Operations, Ministry of Transportation and Highways, Victoria, requesting that the Ministry forward information concerning the status of the highway link proposed between Highway No. 1 and the Second Narrows Bridge and each alternative, as well as the status of any studies associated therewith.

Correspondence dated 1980 December 11 was received from the Ministry advising that:

"...the Ministry has agreed in principle to the conduct of a study and, at last contact with City staff, the terms of reference were virtually complete. The City staff is to suggest a listing of suitably qualified consultants to be invited to submit proposals.

As and when a timetable unfolds, I will advise you since the Ministry acknowledges Burnaby's interest in this proposed project. "

This report is for the information of Council.
