

RE: ROYAL OAK FUNERAL CHAPEL, 5152 KINGSWAY
(ITEM 12, SUPPLEMENTARY REPORT 62, 1980 OCTOBER 06)

RECOMMENDATION:

1. THAT this report be received for information purposes.

REPORT

Appearing on the agenda as Item 12 on pages 145 - 152 is a report on the Royal Oak Funeral Chapel. The Municipal Engineer has now had an opportunity to review the content, and advises as follows:

"With reference to the above named report, which has been added as a supplementary to the agenda for tonight's Council meeting, our only comment is that in connection with the proposal to leave the stone wall on Kingsway with the public sidewalk behind it, it should be kept in mind that this means that the "No Stopping Anytime" along the Kingsway frontage would have to remain in effect in perpetuity together with the fact that it will never be possible to institute a bus stop in front of the development."

The Municipal Solicitor advises that in his opinion an opportunity should be given to everyone who is interested in the property to come forward and be heard if Council decides to designate it as a Heritage Site. Council in any event will receive a complete report on the entire procedure to be followed if designation is pursued.
