RE: PETITION SUBMITTED TO THE 1981 JUNE 22 MEETING OF COUNCIL
PARTY NOISE AND DISRUPTION TO THE NEARBY RESIDENTIAL COMMUNITY
FROM ACTIVITIES AT 7187 GRAY AVENUE, BURNABY, B.C.

RECOMMENDATION:

1. THAT a copy of this report be sent to Miss D. Polos, 4652 Victory Street, Burnaby, B.C., V5J 1R9.

REPORT

Further to receipt of a petition signed by nearby residents to 7187 Gray Avenue, which was introduced under new business at the 1981 June 22 meeting of Council, we would advise as follows;

On 1981 June 29 the District Public Health Inspector, in the company of the R.C.M.P., hand-delivered a notice under authority of the Burnaby Noise or Sound Abatement By-law 1979, No. 7332 to the occupants of 7187 Gray Avenue. The notice required the tenant to immediately abate the complaints of excessive noise due to noise-producing activities at the subject address. The notice also advised that should further complaints be received and if proven justified, this Department would have no alternative other than to proceed with enforcement of the By-law.

Miss D. Polos, 4652 Victory Street, has been advised of this Department's action to date. Instructions were given to Miss Polos to contact the emergency number for the Environmental Health Department during non-working hours in order that, if a further disruption took place, a Public Health Inspector would be able to proceed with decibel noise-reading tests as evidence for possible court charges.

On 1981 July 07, Miss Polos was contacted and she advised that activities at 7187 Gray Avenue were much improved. Miss Polos was again requested to contact this Department should further disruptions take place.
