TO: MUNICIPAL MANAGER
 FROM: DIRECTOR OF PLANNING
 SUBJECT: ORP TRANSPORTATION NETWORK MAP

PLANNING DEPARTMENT
 1981 OCTOBER 15

RECOMMENDATION:

THAT Council endorse, in principle, the Official Regional Plan Transportation Network Map (dated 1981 September) and make known its views to the Greater Vancouver Regional District.

REPORT

On its agenda for 1981 October 19, as a correspondence item, is a letter from the Greater Vancouver Regional District regarding the above. The letter is to introduce, to Council for its comments, the Transportation Network Map (will be displayed at the Council meeting) which is intended to be a part of the Official Regional Plan. Staff have reviewed previous drafts of this plan to ensure that it conforms with the Burnaby Comprehensive Transportation Plan and our agreement with the Ministry of Transportation and Highways relative to major Municipal roads. Staff are satisfied that the latest draft of this plan addresses these concerns. Accordingly, we would recommend the plan to Council for its endorsement.
