MANAGER'S REPORT NO.	52
COUNCIL MEETING	1982 09 27

RE: DEER LAKE PROJECT

MUNICIPAL MANAGER'S RECOMMENDATION:

1. THAT this report be received for the information of Council.

REPORT

Appearing on the agenda for the 1982 September 27 meeting is a letter dated 1982 September 22 from Mr. Gilbert J. Hardman, President of B.C. Place Ltd. outlining the results of a meeting that the Municipal Manager had with Mr. Hardman and officials of B.C. Place Ltd. regarding the above.

The Municipal Manager is now considering the process that should be developed for assessing this major Provincial proposal. Further meetings are definitely needed before a specific recommendation can be made in this respect. Once an outline of this is available, which should be within the next 2 weeks, it will be placed before the Municipal Council for its consideration and amendment as required. The report at that time will deal with "structure" of the decision making process as opposed to the substance of any development proposal. It will cover such items as the steps involved in the review process, who would be involved at what step, the documentation necessary, Council involvement, and time lines.

The Municipal Manager has had a meeting with the Management Committee, and it is his intention to use that Committee as the Municipal coordinating body.

In the meantime the appropriate Burnaby staff are assembling preliminary data needed for the review.
