RE: PETITION - 7900 BLOCK ELWELL STREET.
MAILED IN BY SHARRON MORAES

RECOMMENDATION

1. THAT a copy of this report be sent to Mrs. Sharron MORAES, 7991 Elwell St., Burnaby, B.C., V5E 1M3.

SUMMARY

1. Covering letter from Mrs. MORAES dated 83 JUL 07, with signed petition from Elwell Street residents, brought to attention the disturbance factor caused by groups entering the park at the foot of Elwell Street.

REPORT

When calls are received reporting disturbances of this nature, we make every effort to respond. However, it needs to be appreciated that the promptness of attendance is often dictated by other priorities at the time. That is to say, there are only a given number of personnel on duty at one time and if they are on a call elsewhere, where considerable manpower needs to concentrate on an area, priorities must apply.

We can only suggest continuing to place the complaint, reporting this type of disturbance, and our members will respond. Sometimes it is not possible to apprehend offenders for reasons already related in the letter, however, hopefully our attendance may have the effect of quelling the noise. We do appreciate what citizens face when inconsiderate persons choose to cause noise and unfortunately identical situations occur throughout various areas within the Municipality (including noisy house parties) simultaneously, all of which demand attention.

We are pleased to report our members did have some success in controlling the situation during recent attendance to the area. This is acknowledged in the correspondence from Mrs. MORAES.
