R E P O R T

BACKGROUND

Appearing on the 1986 March 24 Council agenda was correspondence from Mrs. Gloria Fox dealing with the subject matter and forwarding to the new members of Council a copy of the presentation to Council made by Mrs. Fox at an earlier meeting of Council. Further, Mrs. Fox requested to hear from Council on the status of the Gilley Alternate route.

CURRENT STATUS

The Planning & Building Inspection Department would advise that a preliminary alignment has been examined for the subject route. However, there are a number of possible alternatives being examined in crossing the B.C. Hydro Railway, ALRT line and Gilley Ravine Park. This work is expected to be completed in approximately four to five weeks, followed by a report for the consideration of the Transportation Committee.
