REPORT

Tenders for the subject equipment were received up to 3:00 p.m. local time on Wednesday, 1986 July 16.

Four (4) tenders were received and opened in the presence of Municipal staff and representatives of the firms bidding.

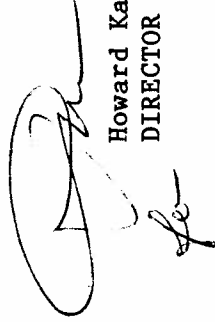

The unit to be purchased will replace a 1977 Kenworth truck with a Dempster packer (Unit No. 331) which will be sold by auction upon receipt of the replacement unit.

The replacement of the unit is provided for in the 1986 Capital Budget with funds coming from the Equipment Replacement Reserve.

A tabulation of the tenders received is attached.

The recommended unit is the same make and type as units which have been in use by the Corporation since 1977. Burnaby Engineering staff is completely satisfied with the performance of these units over the past nine years.

The Purchasing Agent concurs with the Director Engineering's recommendation that a purchase order be issued to the lowest acceptable bidder, A.M.I. Steego, for the supply and delivery of one (1) only 1987 Western Star Xpeditor tandem axle truck c/w Dempster Routeking packer for a total net sum of \$132,425.21.
