

R E P O R T
REGULAR COUNCIL MEETING
1987 MARCH 9

THE CORPORATION OF THE DISTRICT OF BURNABY

TO: MEMBERS OF MUNICIPAL COUNCIL

RE: "BLUE NOSE"

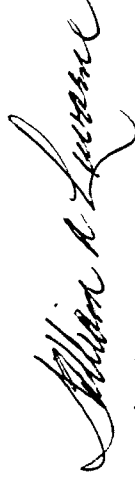

As you may be aware, a search is under way to find a main mast and fore mast for one of Canada's historic vessels, the "Blue Nose".

Since Central Park was set aside in the early part of the century as an Admiralty park to provide masts for sailing ships, it seems fitting to offer the "Blue Nose" officials the masts needed to restore this ship.

Burnaby Parks and Recreation Commission has given approval for this gift.

I have contacted Mayor Ron Wallace, Mayor of Halifax, who will make contact with Nova Scotia's Premier Buchanan and "Blue Nose" officials. Mayor Wallace was appreciative of Burnaby's offer.

This report is for the information of Council.

William A. Lewarne
MAYOR
