Madam/Gentlemen:

REPORT OF THE ADVISORY PLANNING COMMISSION

Re: Short Course In Community Planning
University of British Columbia
1988 May 18, 19 and 20

RECOMMENDATION:

"THAT up to three (3) members of the Advisory Planning Commission be authorized to attend the Short Course in Community Planning at the University of British Columbia."

REPORT

The University of British Columbia offers a short course in Community Planning each year which is aimed primarily at meeting the needs of local government elected officials, advisory planning commission members and is also of value to interested citizens and developers.

Your Advisory Planning Commission considers this course to be pertinent to matters considered by them and would be very beneficial to any member able to attend.

The registration fee for the course is two hundred and fifty dollars (\$250.00).

One member has confirmed his attendance while two others, if able to make the necessary arrangements, have expressed an interest in attending.

Respectfully submitted,

Mr. Hans Holst
CHAIRMAN
ADVISORY PLANNING COMMISSION
