RE: REPLACING BACKSTOP OF BASEBALL DIAMOND AT CENTRAL PARK

MUNICIPAL MANAGER'S RECOMMENDATION:

1. THAT the recommendation as contained in the report from the Director Recreation & Cultural Services be adopted.

* * * * *

1988 JANUARY 20

TO : MUNICIPAL MANAGER
FROM: DIRECTOR RECREATION & CULTURAL SERVICES
RE : REPLACING BACKSTOP OF BASEBALL DIAMOND AT CENTRAL PARK

RECOMMENDATION:

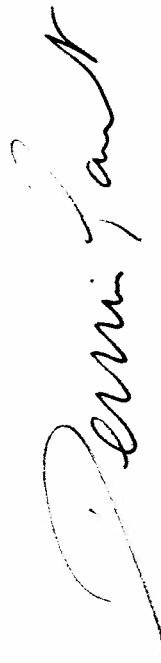

1. THAT prior approval be given to the expenditure of \$25,000 from the 1988 Provisional Capital Budget to replace the backstop of the baseball diamond at Central Park.

REPORT

The 1988 Provisional Capital Budget contains an item in the amount of \$25,000 for the demolition of the present backstop and installation of a new one at Central Park.

The present backstop is over thirty years old and in need of constant repair. The fence is bent and rusty and so are some of the metal posts. The new backstop will be installed in the same location as the old one (see attached Plan #0P27-2-151s). The two new wing fences (one north and the other west) will each have a height of 16 feet. The height of the wing fences is being increased so as to protect park patrons or cars in the parking lot from being struck by a stray baseball.

In order to install the backstop before the commencement of the baseball season, the Parks & Recreation Commission at its meeting of 1988 January 20 agreed to request Council to release the funds prior to the approval of the 1988 Annual Budget.
