

RE: WORK ORDER:
NO. 60-70-279 - Westminster Avenue Bridge Works and Preliminary Road
Construction

MUNICIPAL MANAGER'S RECOMMENDATION:

1. THAT the recommendation of the Acting Director Engineering be adopted.

* * * * *

TO: MUNICIPAL MANAGER 1989 OCTOBER 11

FROM: ACTING DIRECTOR ENGINEERING

SUBJECT: WORK ORDER #60-70-279, WESTMINSTER AVENUE BRIDGE WORKS
AND PRELIMINARY ROAD CONSTRUCTION

PURPOSE: To obtain approval of work order #60-70-279.

RECOMMENDATION:

1. THAT work order #60-70-279, as more specifically referred to in this report, be approved.

REPORT

60-70-279 Westminster Avenue Bridge Works and Preliminary Road
Construction

Charge: Code 60-70, Land Assembly & Development \$135,000

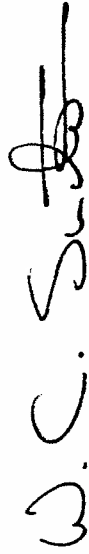

Additional Information:

This work order pertains to the works necessary to construct the road link on Westminster Avenue between Still Creek Street and Regent Street. It is intended that the road be constructed to an interim pavement standard at this time to allow for continuing settlement within the extremely sensitive and compressable soils. The work also includes modification to the existing bridge structure to allow embankment construction. Total cost of construction, including engineering and other ancillary works, is estimated at \$221,000.

Partial funding in the amount of \$86,000 is in place from 1988 funds brought forward in an existing work order. The required additional funding of \$135,000 is provided in the 1989 Capital Budget under Land Assembly and Development, Code 70.
