

RE: CONTRACT NO. 8920
METROTOWN TRAFFIC SIGNAL CONTROL SYSTEM

MUNICIPAL MANAGER'S RECOMMENDATION:

1. THAT the recommendation of the Director Finance be adopted.

* * * * *

TO: MUNICIPAL MANAGER 1989 OCTOBER 11
FROM: DIRECTOR FINANCE
SUBJECT: CONTRACT NO. 8920 - METROTOWN TRAFFIC SIGNAL CONTROL SYSTEM
PURPOSE: To obtain approval to award a contract for the supply and installation of a traffic signal control system in the Metrotown area.

=====
RECOMMENDATION

1. THAT a contract be awarded to the lowest bidder, Intrex Traffic Control Products Inc., for the supply and installation of a traffic signal control system in the Metrotown area for a total cost of \$192,179.18.

REPORT

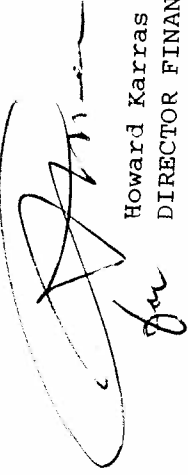

Three tenders for the supply and installation of a traffic signal control system in the Metrotown area were received by closing time of 3:00 p.m. Tuesday, 1989 September 19 and were opened by municipal staff in the presence of representatives of the firms bidding. A tabulation of the tenders received is attached (Attachment A).

The work of the contract involves the supply and installation of 22 traffic signal controller units and central control hardware and software for the Metrotown area.

The recommended bidder, Intrex Traffic Control Products Inc., has previously supplied to Burnaby a total of five traffic signal control units and these have proven to be of high quality. Engineering staff have also checked with three users of the software package bid by Intrex and received excellent reports both on the performance of the system and on the service provided by Intrex.

The funding for this work is provided in the 1989 Capital Budget under Traffic Management and Major Roads.

The Director Engineering and our consultant, the Delcan Corporation, concur with the above recommendation.

Howard Karras
DIRECTOR FINANCE
