

ITEM 6  
MANAGER'S REPORT NO. 43  
COUNCIL MEETING 89/06/19

RE: BROADWAY - NORTH ROAD TO GAGLARDI WAY (IMPROVEMENT IN TRAFFIC)  
MUNICIPAL MANAGER'S RECOMMENDATION:

1. THAT the recommendation of the Director Planning & Building Inspection be adopted.

\* \* \* \* \*

TO: MUNICIPAL MANAGER 1989 June 13

FROM: DIRECTOR PLANNING & BUILDING INSPECTION Our File: 08.640  
"Broadway"

SUBJECT: BROADWAY - NORTH ROAD TO GAGLARDI WAY

PURPOSE: To provide Council with a status report on the captioned matter.

=====

RECOMMENDATION:

1. THAT Council receive this report for information purposes.

R E P O R T

INTRODUCTION/SUMMARY

The Ministry of Transportation and Highways is planning to improve the traffic carrying capacity and safety aspects of Broadway between North Road and Gagliardi Way in 1990 and have retained an engineering consultant to carry out a feasibility review.

The consultant has now completed his report for the Ministry, and the Planning & Building Inspection Department has received a copy of the report for review and comments.

In reviewing the report the Planning & Building Inspection Department will be particularly drawing attention to:

1. Council's comments regarding its concern for the impact this improvement will have on Parker/Curtis and the Hastings/Gagliardi connection issue;
2. the need for a bridge structure over the Stoney Creek ravine major park/trail link between Burnaby Mountain and Burnaby Lake parks;

123

3. removing direct driveway access between residential properties and the arterial roadway thereby increasing the safety aspect;
4. improving upon the steepness of the current 13.5 per-cent gradient of the roadway;
5. the need for an environmental impact assessment to determine necessary mitigative measures (e.g. sound attenuation).

A further report will be prepared for Council once more information is available on the subject.
