

RE: GOVERNMENT STREET - IMPROVEMENTS
CARIBOO ROAD TO HORNE STREET

MUNICIPAL MANAGER'S RECOMMENDATION:

1. THAT the recommendation of the Acting Director Engineering be adopted.

* * * * *

TO: MUNICIPAL MANAGER 1989 MAY 24

FROM: ACTING DIRECTOR ENGINEERING

SUBJECT: GOVERNMENT STREET - IMPROVEMENTS
Cariboo Road to Horne Street

PURPOSE: To bring forward a Capital Works Machinery and Equipment Reserve Fund Expenditure Bylaw to complete the funding for works on Government Street improvements.

RECOMMENDATION:

1. THAT a Capital Works Machinery and Equipment Expenditure Bylaw in the amount of \$205,000 be brought forward to complete the funding for the construction of improvements on Government Street between Cariboo Road and Horne Street.

REPORT

The Government Street/Winston Street corridor is designated as a major collector route and the entire length of this collector between Kensington Avenue and Austin Road has been improved to full standard with the exception of a portion between Cariboo Road and Horne Street (see attached sketch).

The 1989-1993 Capital Budget contains funds to complete the improvements between Cariboo Road and Horne Street. Council at its meeting of 1986 December 15 authorized Capital Works Machinery and Equipment Fund Bylaw No. 8685 in the amount of \$285,600 for the acquisition of property, design and initial construction of the roadway improvements. The design work is complete and it is appropriate to call tenders for construction to take advantage of the optimum summer season. It was originally intended that this work be commenced last year however this construction would have conflicted with the reconstruction of Cariboo Road between 16th Avenue and Government Street. It was felt that concurrent construction projects would have resulted in an unacceptable level of disruption to traffic in this area.

ITEM 5
MANAGER'S REPORT NO. 39
COUNCIL MEETING 89/05/29

We are now in a position to call tenders for the full construction on Government Street. The Capital Budget contains an unappropriated provision of \$205,000 to complete the funding for this project and it is necessary that a Capital Works Bylaw be raised in this amount.
