RECOMMENDATION:

1. THAT this report be received for information purposes.

R E P O R T

At its regular meeting held on 1989 July 24 Council directed the Transportation Committee to develop a position paper on the details of the Greater Vancouver Transportation Task Force report. The Transportation Committee, at their meeting of 1989 August 24, adopted a motion to invite public participation as part of its process of considering this report.

In order to better express the concerns and interests of Burnaby residents the Committee would like to receive input from individuals or representatives of community groups who have an interest in or concerns about the report of the Greater Vancouver Task Force. It is the intention of the Transportation Committee to hold an open forum on transportation on 1989 September 28 at 7:00 p.m.

The Committee will extend an invitation to various community groups to participate in a round table style discussion of the Task Force report.

This is for the information of Council.
