

**TO:** MUNICIPAL MANAGER 1990 DECEMBER 04

**FROM:** DIRECTOR ENGINEERING

**SUBJECT:** REFUSE COLLECTION AND DISPOSAL BYLAW NO. 8149  
REVISION OF SCHEDULE "A"

**PURPOSE:** To seek Council's approval to amend the charge rate structure for the collection and disposal of commercial and industrial refuse.

---

**RECOMMENDATIONS:**

1. **THAT** Council approve updating of Schedule "A" of Bylaw No. 8149 as shown in Appendix I of this report; and
2. **THAT** the new charge rates become effective 1991 January 01.

**REPORT**

The G.V.R.D. Board of Directors on 1990 November 28, approved a tipping fee of \$69.00/tonne for refuse disposal, effective 1991 January 01. The revised rate represents a 32.7% increase over the 1990 rate of \$52/tonne and applies to all refuse collected by the Corporation.

Schedule "A" of Bylaw No. 8149 prescribes the list of charge rates applicable for the collection and disposal of commercial and industrial refuse. In view of the significant increase in the disposal rate payable to the G.V.R.D., it is recommended that our rate structure be amended as shown in Appendix I. The revised rate structure also includes a 5% allowance for general inflationary increase in municipal collection costs and rental rates. However, the proposed revised pick-up charges average a 24% increase which reflects a blending of the tipping fee increase (32.7%) and inflation (5%).

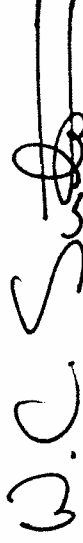

A Bylaw authorizing the proposed increase appears elsewhere on this agenda for first, second, and third readings.

ITEM 10  
MANAGER'S REPORT NO. 75  
COUNCIL MEETING 90/12/10

- 2 -

The collection of commercial and industrial refuse is regarded as a taxable service and, as such, is subject to GST. The revised rate structure does not include an allowance for GST. It would be the intention to include and specifically itemize the required GST at the billing stage.
