

ITEM 4
MANAGER'S REPORT NO. 50
COUNCIL MEETING 90/08/13

TO: MUNICIPAL MANAGER 1990 AUGUST 07
FROM: DIRECTOR FINANCE
SUBJECT: TENDER FOR 50,000 RECYCLING COLLECTION CONTAINERS
PURPOSE: To obtain approval to award a purchase order for the supply and delivery of 50,000 recycling collection containers

=====

RECOMMENDATION:

1. THAT a purchase order be issued to the lowest acceptable bidder, Lewisystems, to supply and deliver 50,000 recycling collection containers for a total cost of \$250,500.

REPORT

Three tenders for the supply and delivery of 50,000 recycling collection containers were received by the closing time of 3:00 p.m. Monday, 1990 June 25 and were opened by municipal staff in the presence of representatives of the firms bidding. A tabulation of the tenders received is attached (Attachment A).

The work of the tender involves the supply and delivery of 50,000 containers which will be used for the curbside collection of recyclable materials from households in Burnaby.

The Director Engineering's estimate for these items is \$262,500.

The lowest tenders received, those from A-1 Products Corp. and Champion Plastic Container Inc., did not meet our specifications in several key areas and were therefore eliminated from further consideration.

The recommended bidder, Lewisystems, supplied 110,000 recycling collection containers to the City of Vancouver in 1989 December. Staff from the City of Vancouver report that the Lewisystems container was selected over others because of its superior quality. City staff further advise that the containers were delivered on time, that on delivery they had no rejects and that since they have been in use, they have experienced no breakage.

The Director Engineering concurs with the above recommendation.
