TO: MUNICIPAL MANAGER 1990 MAY 08
FROM: DIRECTOR FINANCE
SUBJECT: CONTRACT NO. 9001 - CONSTRUCTION OF WILSON AVENUE
PURPOSE: To obtain approval to award a contract for the construction of
Wilson Avenue.

=====

RECOMMENDATION

1. THAT a contract be awarded to the lowest bidder, Progressive Contracting (Langley) Ltd., to construct roadway and ancillary works at Wilson Avenue for a total cost of \$327,991.79 with final payment based on actual quantities and unit prices tendered.

REPORT

Twelve tenders for this project were received by the closing time of 3:00 p.m. Friday, 1990 May 04 and were opened by municipal staff in the presence of representatives of the firms bidding. A tabulation of the tenders received is attached (Attachment A).

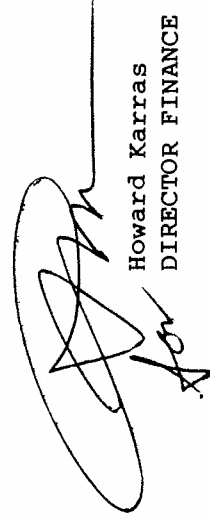

The work of the contract involves the supply of all labour, materials and equipment required for the construction of Wilson Avenue from Kingsway to Grange, including ancillary works.

The Director Engineering's estimate for this work is \$370,000.00.

The recommended bidder, Progressive Contracting (Langley) Ltd., has been in business in the lower mainland for the past 25 years. In 1990 April, before awarding Contract No. 9003 to Progressive Contracting, Engineering staff and our consultant for that project checked their references and found that they had performed numerous projects of a similar size and nature to the satisfaction of the clients involved. Engineering staff and our consultant, Vector Engineering Services Ltd., having considered the contractor's track record and resources, are confident that they will successfully complete the work of the contract.

This work is identified in the 1989-1993 Capital Budget under Major Roads. The funds for this work have been appropriated by Capital Reserve Bylaw 9338.

The Director Engineering and our Consultant, Vector Engineering Services Ltd., concur with the above recommendation.
