1990 March 15

TO: MUNICIPAL MANAGER
FROM: DIRECTOR FINANCE
SUBJECT: CONTRACT NO. 8924 - DOUGLAS ROAD WATERMAIN
PURPOSE: To obtain approval to award a contract for the replacement of watermains along and adjacent to Douglas Road

=====

RECOMMENDATION

1. THAT a contract be awarded to the lowest bidder, Merletti Construction Ltd., to replace watermains along and adjacent to Douglas Road for a total cost of \$468,028.00 with final payment based on actual quantities and unit prices tendered.

REPORT

Five tenders for this project were received by the closing time of 3 p.m. Monday, 1990 March 5, and were opened by municipal staff in the presence of representatives of the firms bidding. A tabulation of the tenders received is attached (Attachment A).

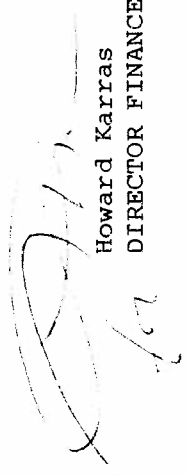

The work of the contract involves the supply and installation of all labour, materials, plant, tools and equipment required for the replacement of watermains and appurtenances along and adjacent to Douglas Road.

The Director Engineering's estimate for this work is \$568,205.00.

The recommended bidder, Merletti Construction Ltd., has been in business in the Lower Mainland since 1987 October. Our consultant, Associated Engineering (B. C.) Ltd., has checked their references and found that they have performed five projects of a similar size and nature to the satisfaction of the clients involved. Based on their findings, our consultant is satisfied that they have the necessary experience and resources to successfully complete the work of this contract. Engineering staff concur with this assessment.

The funding for this work is provided in the 1989 Capital Budget under Waterworks and appearing elsewhere on this agenda is a report recommending approval of a work order which describes the source of funding for this work.

The Director Engineering and our consultant, Associated Engineering (B.C.) Ltd., concur with the above recommendation.
