

ITEM 1
MANAGER'S REPORT NO. 33
COUNCIL MEETING 91/05/21

TO: MUNICIPAL MANAGER 1991 MAY 15
FROM: ACTING DIRECTOR FINANCE
SUBJECT: CONTRACT NO. 9106 - ASPHALTIC CONCRETE SUPPLY
PURPOSE: To obtain approval to award a contract for the supply of asphaltic concrete.

=====

RECOMMENDATION

1. THAT a contract be awarded to the lowest bidder, Jack Cewe Ltd., for the supply of asphaltic concrete for a total cost of \$215,952.11 with final payment based on actual quantities and unit prices tendered.

REPORT

Four tenders for this material were received by the closing time of 3:00 p.m. Tuesday, 1991 May 14 and were opened by municipal staff in the presence of representatives of the firms bidding. A tabulation of the tenders received is attached (Attachment A).

The work of the contract includes the supply of approximately 6,400 tonnes of specified asphaltic concrete to be picked up by municipal forces at the supplier's plant as required, and approximately 900 tonnes to be delivered to the Burnaby Works Yard. The term of this contract shall be from 1991 June 01 to 1992 May 31, both dates inclusive.

The recommended bidder, Jack Cewe Ltd., has been in business in the lower mainland for approximately 35 years. Since 1977, they have held numerous contracts with the Corporation including overlay and local improvement programs as well as several previous asphaltic concrete supply contracts. Based on their past performance, Engineering staff have no hesitation in recommending them for this contract.

The conditions of the contract allow for price fluctuation based on the posted price of energy-related materials contained in the asphaltic concrete. All price adjustments are subject to approval by the Director Engineering.

The funding for these materials is provided in various accounts in both the Operating and Capital Budgets.

The Director Engineering concurs with the above recommendation.
