R E P O R T

Appearing on the Council Agenda is a letter from Mr. Bob Bose, Chairperson, GVRD Development Services requesting the views of Council concerning the need for improved sharing of technical information between GVRD municipalities on matters of common interest.

The Technical Advisory Committee of the GVRD, comprised of Planning Directors of member municipalities, regularly shares information on planning initiatives which would be of possible interest to other municipalities.

The Director Planning & Building Inspection for Burnaby is Chairman of the Technical Advisory Committee and will bring this subject forward to the next Committee meeting to discuss possible means by which this inter-municipal information sharing can be improved and communicated to Members of Council on a more regular basis.

The outcome of these discussions will be forwarded to Council for consideration and transmittal to the GVRD Development Services Committee.
