

ITEM 7  
MANAGER'S REPORT NO. 10  
COUNCIL MEETING 92/02/10

**TO:** ACTING MUNICIPAL MANAGER                     **DATE:** 1992 02 05  
**FROM:** DIRECTOR ENGINEERING                       **FILE:** 10-01-14  
**SUBJECT:** CENTENNIAL PROJECTS - ENGINEERING DEPARTMENT  
**PURPOSE:** To provide Council with information on Centennial Projects proposed by the  
Engineering Department.

---

**RECOMMENDATION:**

1. THAT a copy of this report be forwarded to Burnaby's Centennial Committee.

**REPORT**

In response to the Centennial Proclamation issued to all departments, the Engineering Department has set its own Centennial Committee looking at ways to celebrate this event throughout the year.

An information bulletin has been made up for Engineering staff outlining the diversity of projects that we would hope to see to fruition.

A copy of that bulletin is attached for Council's information.

## BURNABY'S CENTENNIAL CELEBRATIONS

### Engineering Department Events

118

**1992 is Burnaby's Centennial Year ... Join us in Engineering Department Celebrations throughout the year and enjoy all the events.**

For the Centennial the Engineering Department has had a creative committee come forward with a number of events in which we can all take part and enjoy.

**This is an invitation for all of us to celebrate together. Here are some of the events:**

**An Engineering Open House ...** We plan to set aside one special day, Saturday May 23, to open our doors at the Works Yard. As a wrap up to the International Public Works Week, we'll have a chance to show our families and the public what we are all about. With displays on public works, traffic, and sanitation we can show everyone the services we provide to make Burnaby's fleets and buildings run. Burnaby's Emergency Response Team and Fire Department are also preparing displays. We plan to be open to the public from 10:00am to 2:00pm, with some Pre-Opening Special Events and a reception for staff and their families to help with the celebration.

**A Contest for Schools ...** We'll be inviting Burnaby schools to enter a fire hydrant painting contest at their school site. The best hydrants, decorated on a heritage theme, will be featured in next year's refuse and recycling calendars.

**A Heritage Cookbook for Us All ...** Plan to celebrate our different heritages with food! Favorite foods from the families of staff will be featured, and proceeds from this special publication are planned to be donated to the

United Way. "Heritage Foods" will be served up in the department in conjunction with a "Centennial Dress-Up Day" and Burnaby's Birthday.

**Everyday is Centennial Day!** ... We plan to show the Centennial Logo proudly on our vehicles and equipment, on stamps in newly poured concrete, and on the "I Recycle" bags being distributed for the new multi-family recycling collection project.

**Wave a Flag!** ... We hope to sponsor placement of a flag pole for Burnaby in the Civic Square. Complete with a bronze plaque and a small time capsule marking our efforts in the Engineering Department, we hope this will be a small legacy left for a future generation to enjoy.

If you have any questions call up one of the Engineering Department Centennial Committee members: Ron Kozoway, Lina Marinelli, Greg Tait, Faye Kilpatrick, Jeff Whitehead, Bill Robinson, Ron Bronson, Barry Davis, Ralph Bischoff.

**Consider taking part in some or all of these activities. This is a great year to let everyone know what we are about.**
