The Acting Municipal Manager presented Report No. 5, 1992 January 20 on the matters listed following as Items 1 to 7 either providing the information shown or recommending the courses of action indicated for the reasons given:

1. Letter From Mr. B.C. Watson which Appeared on the Agenda for the Council Meeting of 1991 December 19 Regarding Weed and Litter Control on Municipal Streets

The Acting Municipal Manager submitted a report from the Director Engineering prepared in response to correspondence from Mr. B.C. Watson regarding weed and litter control on municipal streets. Staff advised that manual litter collection in Burnaby is performed on a daily basis on prioritized arterial roads, commercial areas and in Metrotown. Litter collection is not provided to residential streets. With regard to weed control, the municipal weed control program does not extend into residential areas due to the potential high cost of providing such a service.

Mr. Watson's inquiry regarding the unopened MacPherson Avenue road allowance is being considered by the Burnaby Beautification Committee. The Director Recreation and Cultural Services will be reporting to Council through the Parks Commission separately on this matter.

The Acting Municipal Manager recommended:

1. THAT a copy of this report be sent to Mr. B.C. Watson, 5672 Keith Street, Burnaby, B.C., V5J 3C5
2. THAT a copy of this report and Mr. Watson's correspondence be forwarded to the Centennial Committee for consideration.

The Acting Municipal Manager submitted a report from the Director Planning and Building prepared in response to Council's request for a postponement of further action by the Building Department, and a determination of the property owners eligibility to have a rehearing of their appeal to the Board of Variance in reference to a detached garage at 1111 Cliff Avenue.

The Building Department recommends the postponement of any further enforcement action on the condition that the property owners submit an application for a rehearing to the Municipal Clerk by 1992 February 10.

Enforcement action would be resumed only if it is determined that the Board of Variance has no jurisdiction or if the Board of Variance subsequently denies the appeal.

The Acting Municipal Manager recommended:

1. THAT the Building Department postpone any action to remove the detached garage at 1111 Cliff Avenue and provide the property owner with the opportunity to submit an application by 1992 February 10, to the Municipal Clerk, to have the Board of Variance rehear the matter.
2. THAT the Municipal Clerk, upon receipt of an application for a rehearing, determine whether the Board of Variance would be in compliance with Section 14 of the Burnaby Board of Variance Bylaw 1971, No. 5843 in rehearing the appeal and advise the Board accordingly.

The proposed development is consistent with the existing C4 Service Commercial District zoning of the site but conflicts with the adopted community plan for the area.

Although construction would inhibit site assembly for redevelopment in accordance with the adopted community plan, in the absence of definitive plans for a future development, staff are recommending the proposed development be permitted to proceed.
