R E P O R T

1.0 BACKGROUND

Appearing elsewhere on this agenda is a letter from the Minister of Municipal Affairs, Recreation and Housing awarding the District of Burnaby a Planning Grant in the amount of \$30,000. The purpose of the grant is to offset some of the costs associated with completing the review of Burnaby's housing and residential growth management strategy. Council endorsed the first phase process for the review at its regular meeting of 1992 May 4. The grant is paid after adoption of the final document by Council.

2.0 STATUS OF THE REVIEW OF BURNABY'S HOUSING AND GROWTH MANAGEMENT REVIEW

Planning and Building Department are currently scheduling the first phase community workshops for October in accordance with Council's adopted review process as shown on Attachment 1. It is anticipated that four workshops be held, with more added if warranted by the number of interested participants. The purpose of these workshops is to identify contemporary issues related to housing and residential growth management.

Public notification of the workshops will occur in early September. A detailed schedule of the first phase community workshops will be provided to Council at that time.

This report is for the information of Council.
