

ITEM 6  
MANAGER'S REPORT NO. 56  
COUNCIL MEETING 92/09/08

TO: MUNICIPAL MANAGER 1992 September 01

FROM: DIRECTOR FINANCE

SUBJECT: CONTRACT NO. 9212 - TRAFFIC SIGNALIZATION, BROADWAY  
AT HOLDOM AVENUE, CURTIS STREET AT FELL AVENUE

PURPOSE: To obtain approval to award a contract for the supply and  
installation of traffic signals at Broadway and Holdom Avenue  
and at Curtis Street and Fell Avenue.

---

RECOMMENDATION:

1. THAT a contract be awarded to the lowest bidder, Bay Hill Contracting Ltd., for the supply and installation of traffic signals at Broadway and Holdom Avenue and at Curtis Street and Fell Avenue, for a total cost of \$114,752.15.

REPORT

Two tenders for this work were received by the closing time of 3:00 p.m. Friday, 1992 August 21 and were opened by municipal staff in the presence of representatives of the firms bidding. A tabulation of the tenders received is attached (Attachment A).

The work of the contract involves the supply and installation of all labour, materials, plant, tools and equipment (except for the two signal controllers which will be supplied by the Corporation) related to the installation of a traffic signal at Broadway and Holdom Avenue and a pedestrian signal at Curtis Street and Fell Avenue.

The Director Engineering's estimate for this work is \$118,400.

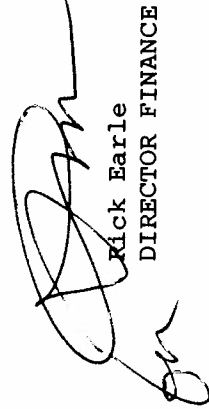

The recommended bidder, Bay Hill Contracting Ltd., has been in business in the lower mainland for approximately 8 years. In 1991, Bay Hill installed traffic signals for Burnaby at six intersections, to the satisfaction of the Director Engineering. In addition, they have also recently installed several traffic signals in Burnaby for developers. Our consultant, R.P. Shaflik Engineering Ltd., has inspected their work and found it to be excellent.

The funds for this work are provided in the 1992 Capital Budget under Traffic Management.

The Director Engineering and our consultant, R.P. Shaflik Engineering Ltd., concur with the above recommendation.

RR:aj  
Attach.

cc. Director Engineering
