60-21-103 Local improvements and miscellaneous projects - watermain renewals.

Charge: 1993 Provisional Capital Budget  
Mains, Pumping Stations, etc. \$300,000

**Additional Information:** Council at its meeting of 1992 November 23 received the City Clerk's Certificate of Sufficiency pertaining to the 1993 Local Improvement Program and approved the construction of a number of paving projects. Some of these projects will require watermain replacement prior to roadworks at a total estimated cost of \$300,000. Project funding was specifically provided in the 1993 portion of the 1992 - 1996 Capital Budget, Code 60-21, Mains, Pumping Stations, etc. However, in order that watermain renewals be completed prior to the start of roadworks in the spring of this year, Council's approval of these expenditures is requested in advance of the adoption of the 1993-1997 Capital Budget.
