

ITEM	4
MANAGER'S REPORT NO.	17
COUNCIL MEETING	93/03/22

TO: CITY MANAGER 1993 March 17

FROM: DIRECTOR FINANCE

SUBJECT: CONTRACT NO. 9306 - RATHBURN DRIVE 9 LOT SUBDIVISION

PURPOSE: To obtain approval to award a contract for the construction of road and utility improvements on Rathburn Drive.

=====

RECOMMENDATION:

1. THAT a contract be awarded to the lowest bidder, Targa Contracting Ltd., for the construction of road and utility improvements on Rathburn Drive for a total cost of \$164,970.46 with final payment based on actual quantities and unit prices tendered.

REPORT

Nine tenders for this work were received by the closing time of 3:00 p.m. Monday, 1993 March 8 and were opened by municipal staff in the presence of representatives of the firms bidding. A tabulation of the tenders received is attached (Attachment A).

The work of this contract involves the supply of all labour, materials, tools, plant and equipment required for the construction of approximately 110 metres roadway including storm and sanitary sewers, watermain, sidewalk, curb and gutter and street lighting, in the Rathburn Drive subdivision.

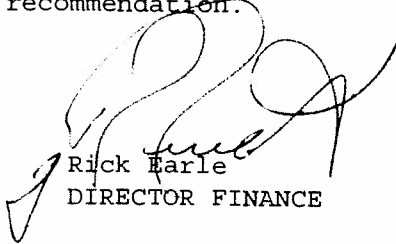

The Director Engineering's estimate for this work is \$178,000.

The recommended bidder, Targa Contracting Ltd., has been in business for approximately 5 years. Targa completed work for the City under Contract No. 8915 - Government Street Reconstruction, to the satisfaction of the Engineer. In addition, our consultant, R.F. Binnie and Associates Ltd., advise that they have worked with Targa on several projects similar in size and nature to that of the subject contract, and that the contractor has performed well. The Director Engineering is therefore satisfied that they have the necessary experience and resources to complete the work of this contract.

MANAGER'S REPORT NO.	17
COUNCIL MEETING	93/03/22

Capital Reserve Fund Expenditure Bylaw 9739 which provides funding for this project was approved by Council in May 1992. Sufficient funds are available under existing work order No. 60-70320.

The Director Engineering and our consultant, R.F. Binnie and Associates Ltd., concur with the above recommendation.
