R E P O R T

1.0 BACKGROUND

Appearing elsewhere on this Agenda is an item of correspondence from B.C. Hydro regarding the availability of funds to assist municipalities in covering the costs of undergrounding overhead power lines. Applications from municipalities are evaluated by B.C. Hydro on a project-by-project basis, and approved projects are eligible for funding assistance in the amount of one-third of the cost of the work.

For a number of years, Burnaby has been endeavouring to pursue an incremental program to remove overhead power lines from our primary urban areas. Burnaby has been successful in receiving assistance under the Beautification Program for projects on Erickson Drive, Cariboo Road, Canada Way, and most recently Patterson Avenue. Underground wiring on Patterson Avenue south from Kingsway to Maywood Street received funding assistance in 1991, 1992, and 1993.

2.0 1994 BEAUTIFICATION PROGRAM APPLICATION

For the 1994 program, staff propose to submit an application to B.C. Hydro for the following projects:

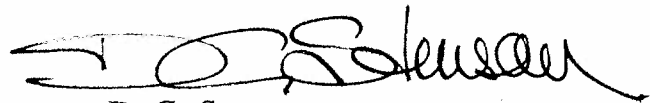

1. Patterson Avenue (Metrotown) from Maywood Street south to Imperial Street adjacent Central Park, as a southerly continuation of the current Patterson project.
2. Willingdon Avenue from Hastings Street to Eton Street, adjacent Confederation Park and the Eileen Dailly Leisure Pool.
3. Halston Court/Cardston Street from Government Road to Lougheed Highway (Lougheed Town Centre).

Upon Council approval to proceed with the application for these three projects, staff will prepare requests for one-third cost sharing from the B.C. Hydro Beautification Fund.

3.0 MUNICIPAL FUNDING

Upon receipt of Burnaby's application, B.C. Hydro will provide cost estimates for Burnaby's proposed projects. At that time, a further report will be submitted to Council to outline municipal funding requirements.

Funding for these projects, subject to other capital priorities, will be considered for inclusion in the 1994-1998 Capital Budget.
