

ITEM 8
MANAGER'S REPORT NO. 45
COUNCIL MEETING 93/07/26

TO: CITY MANAGER

1993 July 21

FROM: DIRECTOR FINANCE

SUBJECT: CONTRACT NO. 9316 - BANK PROTECTION AND FISHERIES ENHANCEMENT FOR THE FRASER RIVER BETWEEN BOUNDARY ROAD AND PATTERSON AVENUE

PURPOSE: To obtain approval to award a contract for the construction of bank protection and fisheries enhancement along the Fraser River.

=====

RECOMMENDATION:

1. THAT a contract be awarded to the lowest bidder, C.A.P. Ventures Ltd., for the construction of bank protection and fisheries enhancement along the Fraser River for a total cost of \$347,878.40 with final payment based on actual quantities and unit prices tendered.

REPORT

Four tenders for this work were received by the closing time of 3:00 p.m. Tuesday, 1993 July 20 and were opened by municipal staff in the presence of representatives of the firms bidding. A tabulation of the tenders received is attached (Attachment A).

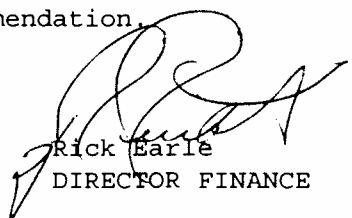

The work of this contract involves the placement of rip-rap rock along the Fraser River to prevent further erosion of the Fraser River Foreshore Park and to protect and stabilize the existing Fisheries marsh areas.

The Director Engineering's estimate for this work is \$393,000.

The recommended bidder, C.A.P. Ventures Ltd., has been in business in the lower mainland for approximately 10 years. C.A.P. is presently completing the Fraser Lands River Front Park (Phase 1) for the City of Vancouver, and have recently been awarded the second phase of this project. Based on their references, the Director Engineering is satisfied that they have the necessary experience and resources to complete the work of this contract.

This work is included in the 1993 Capital Budget under Storm Drainage. The work order which authorizes the expenditure of funds is in place.

The Director Engineering and our consultant, Kerr Wood Leidal Associates Ltd., concur with the above recommendation.

Rick Earle
