ITEM	6
MANAGER'S REPORT NO.	37
COUNCIL MEETING	93/06/07

**INTER-OFFICE COMMUNICATION**

**TO:** CITY MANAGER **DATE:** 1993 06 02  
**FROM:** DIRECTOR ENGINEERING **FILE:** 50-02-02  
**SUBJECT:** STREET LIGHTING - 4400 VICTORY STREET  
**PURPOSE:** To provide additional information to Council regarding the above tabled matter resulting from further review by staff.

---

**RECOMMENDATION:**

1. **THAT** one B. C. Hydro lease light be installed on the mid-block pole indicated on Figure 1 attached to this report.
2. **THAT** Mr. Peter Hansen be sent a copy of this report.

**REPORT**

At the Council meeting held on 1993 May 10, Mr. Peter Hansen of 4441 Victory Street appeared as a delegation regarding the subject matter. The staff report regarding this matter, appearing on the agenda as Item 9, Manager's Report Number 31, was tabled and referred to staff for further consideration.

Upon further review of the existing lighting in the area of the 4400 block of Victory Street, staff members noted that the staggering of the east and west legs of the intersection of Sussex and Victory resulted in the placement of the light at the southwest corner approximately 15m south of the 4400 block. Although this placement satisfies the requirement for the provision of intersection lighting under the interim lighting policy, no lighting is cast into the 4400 block by this light. Due to the staggered intersection alignment, the addition of one light in the 4400 block of Victory Street has been recommended.

To provide the maximum benefit to the residents of this block, the ideal placement is mid-block. There is a B. C. Hydro pole mid-block as shown on Figure 1 attached to this report. Upon approval by Council, staff will request the installation of a light on this pole by B. C. Hydro.
