The Civic Development Committee submitted a report requesting Council approval to amend the Client/Architect Agreement between the City and CJP Architects to include the design and contract administration of renovations to C.G. Re: Operation of Edmonds Child Care  
Center

The Civic Development Committee submitted a report providing an assessment of options for operation of the Edmonds Child Care Center. After an extensive review the Committee is recommending the establishment of a new non-profit society in cooperation with B.C. Hydro. It is felt that the establishment of a non-profit society would offer the best long-term prospect for the City and would present a unique opportunity to work in cooperation with B.C. Hydro to pool resources and expertise to address child care needs in the Edmonds area.

The Civic Development Committee recommended:

1. THAT Council be requested to approve the City's participation with B.C. Hydro in establishing a new non-profit society to operate the Edmonds Child Care Centre and the B.C. Hydro Child Care Centre, as described in this report.

- g) Traffic and Transportation Committee  
(Transportation and Transit Division)  
Re: North Burnaby Transit Service Changes:  
Proposed #30 (formerly #120) Rerouting

The Traffic and Transportation Committee (Transportation and Transit Division) submitted a report providing an evaluation of the proposed #30 route (currently #120) which is to be implemented as part of the North Burnaby Transit Service Plan in 1994 December. The #30 route would travel from the Brentwood Transit Exchange via Halifax, Douglas and Boundary Road instead of via Willingdon and Hastings. As the new route introduces transit service to a city street not currently served, Council approval is required.

The Committee's evaluation of this proposed route indicates few benefits to either transit users or the City of Burnaby and some significant disadvantages with regard to access to the Hastings Commercial Area and neighbourhood impacts. Therefore, the Committee is recommending Council not grant approval to the rerouting.

The Traffic and Transportation Committee (Transportation and Transit Division) recommended:

1. THAT Council advise B.C. Transit that it does not approve the proposed rerouting of the #30 (currently #120) via Halifax, Douglas and Gilmore as outlined in this report.

MOVED BY COUNCILLOR EVANS:  
SECONDED BY COUNCILLOR JOHNSTON:

"THAT the recommendation of the Traffic and Transportation Committee (Transportation and Transit Division) be adopted."

2. THAT a copy of the Traffic and Transportation Committee report be sent to the Vancouver Regional Transit Commission."

CARRIED UNANIMOUSLY

A vote was then taken on the motion as moved by Councillor Evans and seconded by Councillor Johnston being, "THAT the recommendation of the Traffic and Transportation Committee (Transportation and Transit Division) be adopted," **AS AMENDED** and same was **CARRIED UNANIMOUSLY**.

Councillor Corrigan retired from the Council Chamber at 8:20 p.m.

CARRIED UNANIMOUSLY

2. Replacement of Fire Engine - Unit 7001

The City Manager submitted a report from the Fire Chief requesting Council authorization for the replacement of a 1979 Scot fire engine. This unit is scheduled for replacement in 1996, however, due to its rapidly deteriorating condition and the fact that it takes one year to manufacture a new engine, the Fire Chief is recommending replacement be initiated at this time.

The City Manager recommended:

1. THAT the City of Burnaby purchase a replacement Fire Engine from Saulsbury Fire Equipment Corporation at a total estimated cost of \$425,217.21.

MOVED BY COUNCILLOR JOHNSTON:

SECONDED BY COUNCILLOR EVANS:

"THAT the recommendation of the City Manager be adopted."

The City Manager submitted a report from the Director Planning and Building requesting authorization to process a building permit application for a new single family dwelling at 8554 Armstrong Avenue. The area adjacent to Armstrong Avenue is currently the subject of a zoning review to R10. However, because Armstrong Avenue has been excluded from this review staff are requesting Council's authorization to process the building permit application.

The City Manager recommended:

1. THAT Council authorize staff to process a building permit application for a new single-family dwelling at 8554 Armstrong Avenue.

5. Rezoning Reference #17/94  
Public Hearing Concerns

The City Manager submitted a report from the Director Planning and Building prepared in response to concerns raised at the Public Hearing for Rezoning Reference #17/94. The proposed application involves rezoning a number of properties on Brandon Street, Burke Street and Lorraine Avenue to R9 to permit development of a small lot subdivision. The staff report addresses a variety of concerns related to the layout of the subdivision, increased noise, pollution and property taxes and concludes that the Engineering design drawings would need to be carefully reviewed to ensure a suitable relationship between a new road and the abutting properties.

The City Manager recommended:

1. THAT a copy of this report be forwarded to Mr. Ron Owsamski, 5113 Smith Avenue, Burnaby, B.C. V5G 2W8; Mrs. Elizabeth Wainwright, 3754 Brandon Street, Burnaby, B.C. V5G 2P2; Mr. and Mrs. Low, 3777 Burke Street, Burnaby, B.C. V5H 1A4 and Mr. and Mrs. Charlton, 5149 Lorraine Avenue, Burnaby, B.C. V5G 2S3.

CARRIED UNANIMOUSLY

6. Boundary Road Transmission Line

The City Manager submitted a report from the Director Planning and Building requesting Council authorization to proceed with a joint application with the City of Vancouver to the B.C. Utilities Commission for the undergrounding of the Boundary Road transmission line.

During the past several years Burnaby Council has been actively pursuing a commitment from B.C. Hydro to underground the line, without success. The Minister responsible for B.C. Hydro has advised that the appropriate forum for determining the need for undergrounding the line is through the B.C. Utilities Commission, who have the authority to require B.C. Hydro to underground the line.

In view of the City's actions over the years and the City of Vancouver's desire to also have the line placed underground, staff are seeking Council approval to enter into a joint application with the City of Vancouver to pursue undergrounding through the B.C. Utilities Commission.

The City Manager recommended:

1. THAT Council undertake a joint application with the City of Vancouver to the British Columbia Utilities Commission requesting that B.C. Hydro underground the transmission line on Boundary Road at B.C. Hydro's expense.
2. THAT a copy of this report be sent to the Vancouver City Council.

MOVED BY COUNCILLOR LAWSON:

SECONDED BY COUNCILLOR DRUMMOND:

"THAT the recommendations of the City Manager be adopted."

Metrotown Area 10

The City Manager submitted a report from the Director Planning and Building advising of a proposal for the subdivision of the property at 5811 Pioneer Avenue in order to construct two new single family dwellings. The property is located within Metrotown Area 10 and as such is designated for development of RM3 type low-rise apartments. Although staff have attempted to negotiate for acquisition of the site in order to protect future plans for apartment development, the property owner is unwilling to sell the property and requests that Council review his application to subdivide. In view of the property owner's unwillingness to sell, unless other directed by Council, it is staff's intention to process the application for subdivision in the usual manner.

The City Manager recommended:

1. THAT this report be received for information purposes.

MOVED BY COUNCILLOR LAWSON:  
SECONDED BY COUNCILLOR JOHNSTON:

"THAT the recommendation of the City Manager be adopted."
