Councillors Corrigan and Rankin entered the Council Chamber at 7:06 p.m. and took their places at the Council table.

The soccer centre would incorporate three lighted Olympic size high quality fields, B.C. Soccer Association Offices, a clubhouse, training facilities, dressing rooms and special event facilities.

The Kensington Soccer Society, which is made up of members from a variety of soccer organizations are looking to the City for a long term lease of lands, located adjacent to the Sons of Norway Hall, for development as the Regional Soccer Centre.

Councillor Redman entered the Council Chamber at 7:10 p.m. and took her place at the Council table.

Mr. Dave Fryet, B.C. Soccer Association, attended the podium to explain the reasons behind the Association's support for the proposal. Mr. Fryet noted that B.C.S.A. currently uses office space on Douglas Road which also houses B.C. Youth Soccer, Metro Men's and Women's Leagues, Vancouver 86's and the Canadian Soccer Association, Western Division. All these organizations would be prepared to relocate to the proposed Centre.

Mr. Dave Erhart, 5455 Buckingham, attended the podium to provide more detailed information on the proposal. Mr. Erhart noted that all capital and operating costs would be provided by the Kensington Soccer Society. Use of the facility would free up space at local parks for other uses. Some teams which are prepared to use the proposed facility include the World Cup Team, National Men's Under 20 Team, National Women's Under 20 Team, Pan Am Games Team, B.C. Select Team as well as local soccer teams, with particular emphasis on youth programs. Any available times remaining would be offered to Burnaby for community use.

- c) Mr. Spencer Schrupp, President, Buster's Towing appeared before Council to address the concerns of the previous delegation.

Mr. Schrupp and his Manager have interviewed the employees involved and they deny the accusations made by Ms. Pagnottaro.

It is the feeling of the speaker that his employees did not conduct themselves in an inappropriate manner and as a result does not feel that there is any necessity to take further action with respect to this situation.

Re: Bylaw regulating vehicles weighing

GVW and is therefore subject to being towed under the current bylaw.

The subject site is to be developed as a senior's housing facility and the Society does not have sufficient funds to develop the facility and pay for the land exchange.

A staff notation appended to this item of correspondence suggests that the letter be referred to the Housing Committee for consideration.

other shops located next to Hotel

The writer advises that there are boxes of garbage strewn about and old tires and other garbage around the parking lot.

A staff notation appended to this item of correspondence advises that the offending material will be removed and that periodic checks of the property will be made in the future. Mrs. Johnson will be contacted directly by staff on this matter.

- k) Linda Anne Gomez, 1994 April 05,  
Re: Letter dated 1994 March 13  
concerning garbage dumped on  
Burnaby Mountain

A letter dated 1994 April 05 was received from Linda Anne Gomez expressing concerns about letters to Council becoming public documents. The writer was unaware that by writing to Council her letter would become part of an open Council agenda thereby being released to the media and other members of the general public.

A staff notation appended to this item of correspondence advises that staff contacted the writer and advised that all letters addressed to City Council, once received, are placed directly on the subsequent Council Agenda. The only exceptions are letters where the authors have chosen to remain anonymous, letters containing vulgar or abusive language or letters which pertain to legal matters or may incur legal difficulties for the City. In most cases letters that fall into the above categories are circulated to Council under separate cover.

Staff have also advised the writer that they propose to place an article in a future Information Burnaby issue advising citizens of where their letters to City Council or City staff will be directed and how they can expect to have them dealt with.

Public Concerns Regarding Lochdale Parking Lot

Some of the concerns raised at the Public Hearing include increased noise emanating from traffic on Sperling Avenue and disruption caused by patrons of Lochdale Hall. In response to these concerns it is proposed to increase the fence along the east property line to a height of six feet, constructed of solid wood and with tall shrubs to be planted in the landscape strip inside the fence. A new six foot high solid wood fence would also be built along the south property line and the areas between the sidewalk and the parking stalls would have small increase in grade, with low shrubs planted on the low berm.

Public Hearing Concerns

The City Manager submitted a report from the Director Planning and Building prepared in response to Council's request for information regarding concerns raised at the Public Hearing for Rezoning Reference #61/93 and to seek Council's support for the installation of a traffic signal at Sperling Avenue and Canada Way. The primary concerns raised at the Public Hearing pertained to the traffic signal at Canada Way/Sperling Avenue or Canada Way/Chiselhampton Street and the impact of the proposed development on school capacity in the area.

Discussions with the School District have determined that should Buckingham School exceed its capacity, portable facilities will be used to accommodate the overflow. It is also the view of staff that a traffic signal on Canada Way between Kensington and Burris is necessary to accommodate the rezoning and that Sperling is the preferred location for this signal.

The City Manager recommended:

1. THAT Council inform the Ministry of Transportation and Highways that the installation of a traffic signal is required at Sperling Avenue and Canada Way.
