

TO: CITY MANAGER

1994 November 23

FROM: DIRECTOR FINANCE

SUBJECT: CONTRACT FOR SANITARY SEWER REPLACEMENT

PURPOSE: To obtain approval to award a contract for the replacement of approximately 235 linear metres of sanitary sewer pipe on Noel Drive and David Drive.

RECOMMENDATION:

1. THAT a contract be awarded to the lowest bidder, Delburn Holdings Ltd., for the replacement of approximately 235 linear metres of sanitary sewer pipe for a total cost of \$117,437.85 with final payment based on actual quantities and unit prices tendered.

REPORT

Two tenders were received by closing time of 3:00 p.m. Thursday 1994 November 17 and were opened by staff in the presence of representatives of the firms bidding. A tabulation of the tenders is attached (Attachment A).

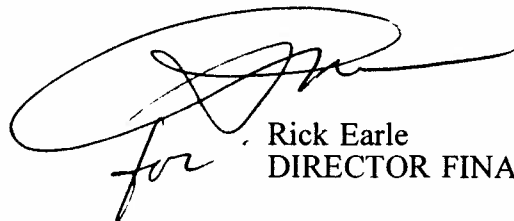

The work of this contract involves the supply of all labour, materials, equipment and tools required for the replacement of a 150mm diameter sanitary sewer main with a 250mm sanitary sewer by trenchless technology (pipe bursting). The proximity of existing houses restricts the use of conventional open trench pipe installation and therefore only no-dig technologies were considered.

The Director Engineering's estimate for this work is \$85,200.00.

The recommended bidder, Delburn Holdings Ltd., is a new company but its principal was previously the owner of Hellyer Services Ltd., and has satisfactorily completed numerous projects for the City and is familiar with City requirements. The Director Engineering is satisfied that Delburn Holdings Ltd. has the experience and resources to complete the work of this contract.

Sufficient utility revenue funds are available under Work Order #60-30081 and the project is included in the Sanitary Sewer component of the 1994-1998 Capital program.

The Director Engineering concurs with the above recommendation.
