1. **THAT** Council authorize staff to distribute the Burnaby Transportation Plan (draft) and associated Newsletter for review by the public, affected municipalities and external agencies.

REPORT

Following a special meeting with Council held on 1994 February 09 the Traffic and Transportation Committee considered the Burnaby Transportation Plan (draft) and adopted the following recommendation:

1. **THAT** the Burnaby Transportation Plan (draft) be approved in principle subject to receiving comments from members of Council.

Council Members present at the special meeting did convey a number of comments to staff and these will be reflected in the Burnaby Transportation Plan (draft) that is submitted for public and agency review. Following from the Committee's recommendation a memorandum from the Director Planning and Building was forwarded to all Council Members requesting additional comments prior to formal consideration at a regular meeting of Council. Any further comments received will be incorporated in the Burnaby Transportation Plan (draft) and newsletter prior to initiating the review process.

Approval of the recommendation in this report will authorize staff to initiate the review process which will include the following:

- (i) forwarding a newsletter to all households in Burnaby (a copy of the newsletter has been included within the agenda of Members of Council).
- (ii) forwarding copies of the Burnaby Transportation Plan to all external agencies and affected municipalities for comment.
