Charge: 1994 Capital Budget  
Sanitary Sewer \$120,000

**Additional Information:** This work order provides funding for the ongoing program of minor repairs and adjustments to the sanitary sewer system. Recent TV video inspections have revealed sewer pipes at sundry locations that have deteriorated due to root penetration and require immediate attention to reduce infiltration into the sanitary system. Rehabilitative measures include in-situ lining of existing pipe to restore full functionality and service levels. Sufficient General Revenue funds are available and these expenditures are included in the Sanitary Sewer Utility component of the 1994 Capital Program.
