PURPOSE: To obtain approval for a construction bylaw for the above lane.

REPORT

On 1994 November 21, Council received the City Clerk's Certificate of Sufficiency covering the construction and paving of the subject lane. The following is a local improvement cost report for the lane as required by Section 662 of the Municipal Act:

Approximate length of work	102.9m (337.6 feet)
Estimated cost of work	\$30,500.00
Actual foot frontage	660.7 feet
Taxable foot frontage	425.2 feet
Owners' share of the cost of the work	\$4,272.36
Estimated lifetime of the work in years	10
Frontage tax levy	five instalments of \$2.50 per taxable front foot

It is proposed that the necessary funds be borrowed internally from the Local Improvement Reserve. Additional debt payments of \$7,639 for a period of five years will be incurred as a result of these expenditures. The annual City cost is \$6,576, with the balance being paid through frontage tax.
