

TO: CITY MANAGER 1996 July 15

FROM: DIRECTOR FINANCE

SUBJECT: CONTRACT NO. 9604 - CONSTRUCTION OF EAGLE CREEK - BROADWAY
CULVERTS REHABILITATION PROGRAM

PURPOSE: To obtain approval to award a contract for the rehabilitation of Broadway
Avenue culverts at Eagle Creek.

RECOMMENDATION:

1. THAT a contract be awarded to the lowest bidder, Greenstar Contracting Inc., for rehabilitation of Broadway Avenue culverts at Eagle Creek for a total cost of \$391,756.96 with final payment based on actual quantities and unit prices tendered.

REPORT

Four tenders for this contract were received by the closing time of 3:00 p.m., Wednesday, 1996 July 10 and were opened by staff in the presence of representatives of the firms bidding. A tabulation of the tenders received is attached (Attachment A).

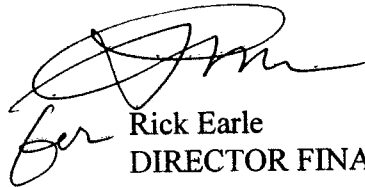

The work of this contract involves the supply of all labour, materials, tools, plant and equipment required for rehabilitation of the existing culverts.

The Director Engineering's estimate for this work is \$497,000.00.

The recommended bidder, Greenstar Contracting Inc., is a new company formed earlier this year and has not performed work for the City. The president of the company has 27 years experience in the construction industry and was a principal with Sandpiper Contracting Ltd., who completed several contracts for the City. Reference checks reveal that Greenstar Contracting Ltd., has successfully completed contract work in neighbouring municipalities and their superintendent has experience working in similar environmentally sensitive creek areas. The Director Engineering is satisfied that Greenstar Contracting Inc., has the experience and resources to complete the work of this contract.

This project is included under the 1996 Storm Sewer and Parks Development components of the 1996-2000 Capital Program. Appearing elsewhere on this agenda is a report recommending approval of a work order which authorizes the expenditure of funds for this project.

The Director Engineering and our consultant, Kerr Wood Leidal Associates Ltd., concur with the above recommendation.
