

ITEM	15
MANAGER'S REPORT #	22
COUNCIL MEETING	96/08/26

TO: CITY MANAGER 1996 AUGUST 21

FROM: DIRECTOR FINANCE

SUBJECT: CONTRACT NO. 9623 -  
CENTRAL VALLEY SEWER REHABILITATION - PHASE IV

PURPOSE: To obtain approval to award a contract for the Central Valley Sewer Rehabilitation - Phase IV

---

**RECOMMENDATION:**

1. THAT a contract be awarded to the lowest bidder, Greenstar Contracting Inc., for Phase IV of the Central Valley Sewer Rehabilitation program for a total cost of \$325,254.32 with final payment based on actual quantities and unit prices tendered.

**REPORT**

Three tenders for this contract were received by the closing time of 3:00 p.m., Tuesday, 1996 August 20 and were opened by staff in the presence of representatives of the firms bidding. A tabulation of the tenders received is attached (Attachment A).

The work of this contract involves the supply of all labour, materials, tools, plant and equipment required for the installation of approximately 450 metres of HDPE forcemains, 5 package pumping stations, a City supplied pumping station and various related work.

The Director Engineering's estimate for this work is \$420,000.00.

The recommended bidder, Greenstar Contracting Inc., is a recently formed company that is currently working for the City on contract 9604 - Construction of Eagle Creek - Broadway Culvert Rehabilitation Program and are performing to our satisfaction. The Director Engineering is satisfied that they have the experience and resources to complete the work of this contract.

Sufficient general revenue funds are available and this expenditure is included in the 1996 Sanitary Sewer component of the 1996 -2000 Capital Program. Appearing elsewhere on this agenda is a report recommending approval of a work order which authorizes the expenditure of fund for this project.

The Director Engineering and our consultant, Dayton & Knight Ltd., concur with the above recommendation.
