

TO: CITY MANAGER

1996 July 03

FROM: DIRECTOR FINANCE

SUBJECT: CONTRACT NO. 9614 - CENTRAL VALLEY SEWER
REHABILITATION - PHASE III

PURPOSE: To obtain approval to award a contract for phase three of the
Central Valley Sewer Rehabilitation program.

RECOMMENDATION:

1. THAT a contract be awarded to the lowest bidder, C.A.P. Ventures Ltd., for the construction of phase three of the Central Valley Sewer Rehabilitation program, for a total cost of \$629,160.00 with final payment based on actual quantities and unit prices tendered.

REPORT

Three tenders for this contract were received by the closing time of 3:00 p.m., Thursday, 1996 June 27 and were opened by staff in the presence of representatives of the firms bidding. A tabulation of the tenders received is attached (Attachment A).

The work of this contract involves the supply of all labour, materials, tools, plant and equipment required for the installation of approximately 620 metres of HDPE forcemains, 270 metres of gravity sewers, a duplex pumping station and various related work.

The Director Engineering's estimate for this work is \$800,000.00.

The recommended bidder, C.A.P. Ventures Ltd., has satisfactorily completed construction contracts for the City in the past, most recently Contracts #9321 for the Beta Avenue Pumping Station and #9414 for the Eastbrook Sanitary Pump Station. Based on their past performance, the Director Engineering is satisfied that they have the experience and resources to complete the work of this contract.

Sufficient General Revenue Funds are available and this project is included in the Sanitary Sewer component of the 1996-2000 Capital Program. Appearing elsewhere on this agenda is the work order report for this project.

The Director Engineering and our consultant, Dayton & Knight Ltd., concur with the above recommendation.
