at 3984 Kitchener Street  
Speaker: Mr. Roy Hunter
- c) John Switzer, 1997 June 11  
Re: Burnaby Big Bend issues  
Speaker: Mr. John Switzer

MOVED BY COUNCILLOR EVANS:  
SECONDED BY COUNCILLOR JOHNSTON:

"THAT the delegations be heard."

CARRIED UNANIMOUSLY

- a) **Mr. Nathan Davidowicz**, 2924 East 41st Avenue, Vancouver, B.C. appeared before Council to oppose proposed transit fare changes and bus service changes effective 1997 September.

*Councillor Rankin retired from the Council Chamber at 7:45 p.m.*

Mr. Davidowicz presented the B.C. Transit report on proposed fare restructuring which he felt was unfair and would cause hardship to the users. Further the speaker, referred to Route #131 where it is proposed to cut evening service from every half hour to every hour and other changes to Routes #151 and #152. In concluding his presentation, Mr. Davidowicz advised that a very large number of riders will be affected by these service and fare changes and that the changes are being proposed without the benefit of a consultation process.

*Councillor Rankin returned to the Council Chamber at 7:55 p.m. and took his place at the Council table.*

MOVED BY COUNCILLOR EVANS:

SECONDED BY COUNCILLOR JOHNSTON:

"THAT the comments and concerns of the delegation be **REFERRED** to staff for report."

CARRIED UNANIMOUSLY

- b) Mr. Roy Hunter, 3995 Kitchener Street, Burnaby appeared before Council to advise of his concerns regarding the activities and excessive traffic which he attributes to be directly connected with the recycling depot that is located at 3984 Kitchener Street. Mr. Hunter advised Council that the increase in traffic as a result of the paint recycling drop-off depot has become unbearable and is continuous seven days a week. Further, Mr. Hunter advised that there has been a proliferation of shopping carts and plastic bags which are left on the road or thrown onto his property by the users of the recycling drop-off depot. In concluding his comments, the speaker advised that he has been a resident of Kitchener Street for thirty-three years and urged Council to find a way to deal with his situation.

MOVED BY COUNCILLOR VOLKOW:

SECONDED BY COUNCILLOR EVANS:

"THAT the comments and concerns of the delegation be **REFERRED** to staff for report."

CARRIED UNANIMOUSLY

*Councillor Redman retired from the Council Chamber at 8:17 p.m.*

- c) **Mr. John Switzer**, 8132 Fremlin Street, Vancouver appeared before Council to voice his concerns over the proposed development of the Big Bend area. Mr. Switzer advised that his involvement in food issues includes: working on two organic farms, one a CSA community supported agricultural farm; working as a scout for an IPM company; a member of B.C. Association for Regenerative Agriculture (an organic growers' organization); a member of Farm Folk/City Folk, a founding member of the Vancouver Food Policy Organization; a member of the Vancouver Natural History Society; and a member of Burns Bog Conservation Society.

Mr. Switzer advised that when land in the Big Bend was offered for lease he had applied to lease a small parcel. Subsequently, the development plan has changed and small growers are no longer included. Mr. Switzer's three areas of concern with the present plan are:

- 1) The removal of 52 acres from the ALR;
- 2) The 174 acre cranberry farm; and
- 3) The natural habitat preservation area.

The speaker felt that to give up 52 acres of the most productive land in Western Canada must be looked at very carefully and that the value of this land is tenfold because of its proximity to the largest market in B.C. The proposal to create a 174 acre cranberry farm does not address the food requirements of the community, as cranberries are an export crop. Mr. Switzer advised that this would only create the equivalent of 14 full time jobs after six to eight years at which time peak production is attained. This compares to three to five years for peak vegetable production and 45 jobs for vegetable production on the same land.

In concluding his presentation, Mr. Switzer advised that there are many more details that he would like to consider at another time regarding this subject and that there are people in the community who would be pleased to work with Council and staff on the development plan. Mr. Switzer, therefore, requested Council to postpone its decision on the land use plan and that they embark upon a consultation process.

*Councillor Redman returned to the Council Chamber at 8:30 p.m. and took her place at the Council table.*

*Councillor Johnston retired from the Council Chamber at 8:35 p.m.*

12. Site 7B Cariboo Heights

The City Manager submitted a report from the City Solicitor recommending Council repeal a Street Dedication Bylaw affecting Site 7B Cariboo Heights. It has been determined that one of the parcels that went into this consolidated site was subject to Burnaby Street Dedication Bylaw 1932. Accordingly, staff advised that it is in order to repeal this bylaw as it relates to this site.

The City Manager recommended:
