AND COUNCILLORS

Re: Celebrity School Adoption Plan

RECOMMENDATION:

1. *THAT* Council forward a letter to the Burnaby School Board requesting that consideration be given to implementing a celebrity school adoption plan.

REPORT

The Family Court and Youth Justice Committee, at its meeting held on 1997 September 03, noted that school children need role models which they respect and admire. Such role models would serve to inspire and motivate students. The Committee suggested that schools consider introducing a program whereby well-known or famous personalities adopt a school and participate in various school activities. Students could also be given the opportunity to write letters to the celebrity regarding their problems and concerns.

Accordingly, the Committee submits the abovenoted recommendation for endorsement by Council.

Respectfully submitted,

Allen Hutton  
Chair
