**RECOMMENDATION:**

1. THAT the above work order as more specifically referred to in this report, be approved.

**REPORT**

60-08-038 Annual Pavement Rehabilitation Program - Preparatory Work

**Charge:** 1997 Capital Budget  
Street & Lane Rehabilitation \$200,000

**Additional Information:** This work order provides funding for preparatory work related to the 1998 Pavement Rehabilitation Program. Work consists essentially of the collection and analysis of pavement condition data, detailed design and, where necessary, initial road-base work. Preliminary work undertaken late fall/early spring would enable us to maximize potential benefit of a tender call early in the construction season. Sufficient General Revenue funds are available, however, these expenditures are not included in 1997 Capital Program and appropriate adjustments will be made to ensure Capital Budget spending limits are not exceeded.
