**SUBJECT:** CHILD CARE PLANNING RESOURCE PACKAGE

**PURPOSE:** To provide the Committee with a revised version of the Child Care Planning Resource Package

---

**RECOMMENDATION:**

1. **THAT** this report and accompanying Child Care Planning Resource Package be received for information.

**REPORT**

At its 1999 March 24 meeting, the Community Issues & Social Planning Committee (CISPC) received a draft copy of the Child Care Planning Resources Package for information and comment. Based on comments received from Committee members and others, staff made some minor amendments to the draft. The revised version is included with the Committee's agenda package.

As indicated in our previous report, the Planning Resources Package is intended to provide an array of useful information for groups and individuals interested in planning new child care programs in Burnaby. It should also provide a user-friendly primer for the CISPC and others wishing to learn more about child care in the city.

The Planning Department is arranging to print and distribute a limited number of copies of the document to interested groups and individuals. It also intends to explore the possibility of providing an "on line" version of the Package in the City of Burnaby's web site.

This report and the accompanying Planning Resource Package are provided for the Committee's information.

PLANNING & BUILDING
