- A) Steve Cotter, 1999 July 30  
Re: Request formation of a Committee  
to allow public participation in  
Lake City area  
Speaker: Steve Cotter

MOVED BY COUNCILLOR EVANS:

SECONDED BY COUNCILLOR JOHNSTON:

"THAT the delegation be heard."

CARRIED UNANIMOUSLY

- A) **Mr. Steve Cotter**, 8865 Finch Court, Burnaby, B.C. appeared before Council requesting Council form a Citizens' Advisory Committee to participate in development planning for the Lake City Area.

Mr. Cotter submitted a petition representing ten of fifteen townhouse complexes in the area.

The petition states as follows:

*"Councillors,*

*Please accept this petition as a formal request for the establishment of the Lake City Advisory Committee. The OCP identifies Lake City as an area to be transformed from an industrial area to a business centre, an advisory committee could provide valuable input into the development plan for the area. In addition, an advisory committee for Lake City would be very timely as the Planning staff have commenced work on the development plan for Lake City. The Lake City area is bordered to the north by 2,288 townhouses in Forest Grove."*

In conclusion, Mr. Cotter requested Council establish an advisory committee similar to the one established for the Royal Oak area in order to participate in the planning process for the Lake City area.

Arising from the discussion, Councillor Lawson was granted leave to introduce the following motion:

MOVED BY COUNCILLOR LAWSON:  
SECONDED BY COUNCILLOR EVANS:

A letter was received from Maples Secondary School expressing appreciation to Burnaby Firefighters Todd Evans, Doug Buckoll and Shane Hinada for the CPR training provided to youth at the School.

Re: Parking restriction along McMurray  
      Avenue and Nelson Avenue

A letter was received from Strataco Management on behalf of the owners of La Mirage strata development expressing opposition to the installation of parking meters along McMurray Avenue and Nelson Avenue.

A staff note appended to this item of correspondence advises there is no intention to extend metered parking further northward along McMurray Avenue at this time and we have replied to the correspondent accordingly. We believe the misapprehension arose during a recent review where potential future meter locations were marked in the field and McMurray locations had been marked in error.

- F) Ann Wallis, 1999 July 28  
Re: Street cleaning procedures,

CARRIED UNANIMOUSLY

- A) The City Manager presented Report No. 21, 1999 August 09 on the matters listed following as Items 01 to 13 either providing the information shown or recommending the courses of action indicated for the reasons given:

1. Regulation of the Location of Pawn Shops

CARRIED UNANIMOUSLY

2. Culverting of a Section of a Tributary of Silver Creek  
The "Westerly Watercourse" at 8335 Eastlake Drive  
(Former Sears Canada Property)

The City Manager submitted a report from the Director Planning and Building prepared in response to Council's request for a staff report on the culverting of the stream that runs adjacent to the Sears Centre which is a

tributary of Silver Creek, informally referred to as the "*Westerly Watercourse*" at 8335 Eastlake Drive.

Staff advise that approval was given by the Department of Fisheries and Oceans and the Ministry of Environment Lands and Parks for the culverting because of severe geotechnical instability of the sod slopes and erosive nature of the watercourse. The tributary is culverted for 300 metres upstream and 1200 metres downstream from the recently culverted section and has been assessed by environmental agencies to have no fish access and limited habitat value.

The decision to culvert the tributary is consistent with the City's review based on its open watercourse policy which permits the culverting of streams under special conditions and with the approval of Council.
