TRAFFIC SAFETY 2000 - PARTNERS IN PREVENTION

RECOMMENDATION:

1. **THAT** Council authorize up to five (5) members, including staff, of the Traffic Safety Division to attend the Traffic Safety 2000 Conference at an approximate cost of \$1500.

R E P O R T

The Western Canada Traffic Association (WCTA), the Greater Vancouver section of the Canadian Institute of Transportation Engineers (CITE) and the Insurance Corporation of British Columbia (ICBC) are hosting the Joint Conference and Trade Show to be held in Burnaby from 2000 September 17 - 20. The event will be held at the Radisson Hotel, 4331 Dominion Street, Burnaby, B.C.

The primary objective of the Conference is to unite all the "partners" in traffic safety and collision prevention. Its purpose is to facilitate the exchange of past experiences and ideas for the future. The concept of traffic safety has grown over the years. The full responsibility for the reductions of collisions requires the combined efforts of engineers, planners, technologists, policy makers, legislators, and law enforcement to address all the aspects of traffic safety and prevention.

The cost of five (5) members including staff to attend the Conference would be charged to the stabilization reserve.
