SUBJECT: WORK ORDERS:

DATE: 2000 MARCH 08

FILE: 10-01-12

60-21-131 PRV Station Upgrades Program
60-21-134 10th Avenue Reservoir - Seismic Upgrade

PURPOSE: To obtain approval of Work Orders 60-21-131 and 60-21-134

RECOMMENDATION:

1. THAT the above work orders as more specifically referred to in this report, be approved.

REPORT

60-21-131 PRV Station Upgrades Program

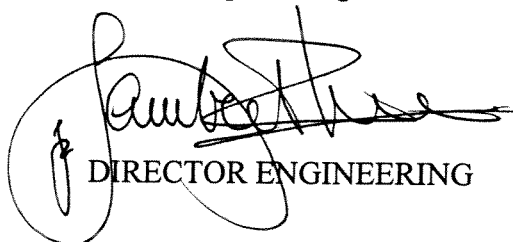

Charge: 2000 Provisional Capital Budget
Water Utility \$292,000

Additional Information: Appearing elsewhere on this agenda is an item recommending the award of Contract 2000-05: South Slope PRV Station and Watermain . The South Slope pressure reducing valve station is outdated and requires upgrading to more current standards that will permit remote data acquisition and flow monitoring. Sufficient General Revenue funds are available and these expenditures are included in the Water Utility component of the 2000 - 2004 Provisional Capital Program.

60-21-134 10th Avenue Reservoir - Seismic Upgrade

Charge: 2000 Provisional Capital Budget
Water Utility \$130,000

Additional Information: This work order provides funding for a seismic upgrade to the 10th Avenue reservoir, as recommended in recent engineering studies on the structural adequacy of the City's water distribution system . Sufficient General Revenue funds are available and these expenditures are included in the Water Utility component of the 2000 - 2004 Provisional Capital Program.
