REPORT

60-32-118 The 2001 Drainage Program - Phase II

Charge: 2001 Capital Budget
Storm Drainage \$400,000

Additional Information: Appearing elsewhere on this agenda is an item recommending the award of Contract 2001 - 19: The 2001 Drainage Program - Phase II. Total project cost, including ancillary works by City forces, is estimated at \$400,000. Sufficient General Revenue funds are available and this project is included in the 2001 Capital Program. However, expenditures in the Storm Drainage component will be exceeded by \$200,000 due to culvert installations on Gaglardi Way, previously approved by Council and funded by TransLink. Appropriate adjustments will be made to ensure approved spending limits are not exceeded.
