

TO: CITY MANAGER
FROM: DIRECTOR ENGINEERING
SUBJECT: WORK ORDER

DATE: 2002 05 22
FILE: 10-01-12

PURPOSE: To obtain approval of Work Order 60-21-137

RECOMMENDATION:

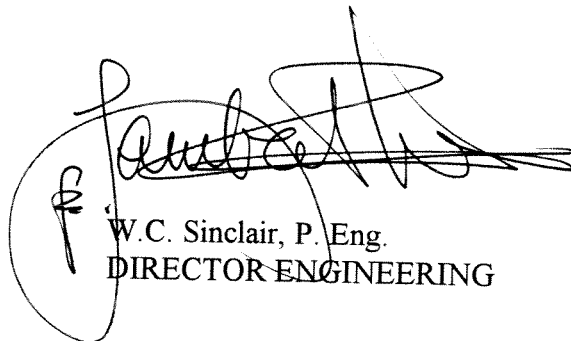

1. **THAT** the above Work Order as more specifically referred to in this report, be approved.

R E P O R T

60-21-137 Watermain Renewals (2002 Program)

Charge: 2002 Capital Budget
Watermains, pumping stations, etc. \$1.2 Million

Additional Information: This work order provides funding for replacement watermains on streets that are impacted by the Local Improvement Roadworks Program and the Combined Sewer Separation Project in the north Burnaby area. The renewal of watermains with a history of frequent breaks and high maintenance is coordinated with other capital improvements to minimize restoration costs and disruption to the community. Total project cost, including ancillary work by City forces, is estimated at \$1.2 Million. Sufficient General Revenue funds are available in the Water Utility, and these expenditures are included in the 2002 - 2006 Capital Program.
